

Call for Papers: THREAT 2024 – “HyperRisk: CyberRisk Thinking in a hyperconnected World”

THREAT 2024, a premier cybersecurity conference, invites submissions on the theme "HyperRisk - Risk Thinking in a Hyperconnected World" The theme underscores the necessity to reassess traditional cyberrisk strategies, urging us to integrate innovative approaches tailored to the hyperconnected world.

THREAT 2024 will embrace the interconnectedness of cybersecurity, information security, and the ripple effects of digital innovation on global systems. Delegates will share insights and tools to navigate this complex environment by fostering a dialogue among experts, bridging the gap between theoretical constructs and practical applications in cyberrisk management. CEOs, CFOs, CIOs, business and government leaders, researchers and cybersecurity practitioners are invited to help reshape the future of cyberrisk thinking.

THREAT 2024 will foster a triple helix of expertise and perspectives through plenary sessions and round table discussions, providing ample opportunities to exchange ideas.

Key topics of interest include but are not limited to:

Cybersecurity's Impact on Global Trade: Securing the Digital Supply Chain, Strategies and Best Practice

The Evolving Threat Landscape: Emerging Technologies and Cybersecurity Innovation in the Future of Work

Privacy, Ethics, Security, and Society: Navigating the Ethical and Social Dilemmas of Hyperconnectivity

Resilience and Adaptation Strategies: Businesses Continuity and Crisis Management in a Hyperconnected World

Quantifying and Financing Cyber Risk: Cyber Insurance and Risk Transfer Solutions

Building a Secure Future: Global Policy and Governance Responses to Cyber Threats in a Hyperconnected World

Submission Guidelines:

We welcome original, unpublished research papers not under consideration for publication elsewhere. Papers should be written in English and formatted according to the conference guidelines. Position papers and reviews are also welcome and should be clearly identified as such. All submissions will be peer reviewed and successful submission will be included in the conference proceedings.

Important Dates:

1. Abstract Submission Deadline: April 30
2. Notification of Suitability: May 20
3. Paper Submission Deadline: June 30
4. Notification of Acceptance: August 20
5. Final Paper Submission: October 20
6. Conference Dates: November 18, 19, 20, 2024

Join us as we shape the future of cybersecurity at THREAT 2024. For more information about the submission process, please visit our website at www.threatcon.co.za.

We eagerly anticipate your contributions and the rich discussions they will inspire. Selected authors will be requested to make a 10 minute presentation on their submission and join the round-table discussion thereafter.

Each plenary session will consist of:

- Keynote government/policy paper: 20 min.
- Keynote sponsor presentation: 20 min.
- Academic presentations: 20 – 30 min.
- Round Table Discussion: 60 minutes

All accepted papers will be included in the THREAT 2024 Conference Proceedings:

Title: THREAT2024 Proceedings

ISBN: 978-0-7961-4885-8(e book)
